Subject: RE: RECORD REQUEST 2018-1621

Alisha,

Currently we do not have any facial recognition capability at the jail. In addition, I am not aware of any communications or research to promote this technology for the jail.

Scott,

I just want to confirm that the video visitation system does not do any face recognition, correct?

Subject: RE: RECORD REQUEST 2018-1621

Alisha,

The TELMATE kiosks had a box that required “someone’s face to be in it” so it could take a facial picture for the kiosk to operate. This was to reduce fraud or scams. The system did not have any facial recognition nor does it meet the definitions as stated in the requests item #1 and 2.

I did call TELMATE to verify the information I am providing you is accurate. 🙏

Hi Scott,

I just wanted to make sure I was covering all my bases. This email that came up in the IT search mentions facial recognition. Did we have facial recognition at one point and no longer have it now?
