Subject: DOL "Stuff"

Our unit has Facial Recognition Software, however the RCW (46.20.037) does not allow us to disclose the information from FRS without a court order. If you wanted us to run his image through FRS, you would first have to obtain a court order.

For assistance with facial recognition through DOL, you can send an e-mail to fraud@dol.wa.gov and note attention JoAnna, Ashley or Jeff. We are the ones who process the warrants and are more than happy to help guide you through the process.
