To: CODE 3(C)
Subject: Request for Assistance 16-007341

CODE 3(C)

CODE 4(A)

The warrant states:

CODE 4(A)

The trooper requested a photograph from Interpol of the subject, which was similar to the DOL photograph of the RO.

I obtained and executed a search warrant for a facial recognition query through WA DOL, but received no match, potentially due to the low quality of the provided photograph from Interpol.

Just wanted to pass this information on to the fusion center to see if there is anything you guys want to do, or if there are any other resources, other agencies, or direction you can point me to prior to closing this assist.

Thanks,

Detective Justin Maier
